## Advancing AI Innovation within US Government & Commercial Sectors

Are you struggling to navigate the complexities of innovation? Don't go it alone. For over 13 years, IntellectFaces has been the trusted partner for government & commercial customers, delivering real results

- **Reduced costs:** Streamline operations and slash budgets without sacrificing effectiveness.
- **Increased efficiency:** Unlock the potential of your workforce and achieve more with less.
- **Data-driven decisions:** Make informed choices guided by insights, not guesswork.
- **Mission-focused success:** We align our expertise with your unique goals, propelling you towards achievement.

**Our secret weapon?** An outcome-based approach. We don't just talk results, we deliver them:

- **On time:** No more missed deadlines or project delays.
- **On budget:** Stay within your financial constraints and avoid costly overruns.
- **With unwavering commitment:** We stand by our promises, every step of the way.

## About IntellectFaces Inc

IntellectFaces, Inc. stands at the forefront of innovation and diversity in the technology and business consulting landscape. Based in Northern Virginia, we are a distinguished SBA 8(a) and WBE/WOSB certified firm. Over 13 years, we have partnered with our federal and commercial customers on a wide range of business and IT initiatives that have reduced cost, increased operational efficiencies, and enabled our clients to make more informed business decisions. We're not just consultants; we're your partners.

-  **Expertise - Driven Accountability**  
Meet our dynamic team of young, talented, and dedicated experts, each bringing decades of industry experience. With a focus on accountability, we implement your requirements at optimized costs, tirelessly working to provide innovative solutions.
-  **Client Proximity**  
We believe in close collaboration. We're by your side throughout the entire journey, fostering trust and transparency through open communication. Your success is our success.
-  **Technology Agnostic**  
We're not wedded to any one technology. We leverage the best tools and solutions, regardless of vendor, to create the perfect fit for your specific needs.

## Core Competencies:

- AI/ML Solutions
- IT Legacy Modernization
- Cloud Computing
- Salesforce Migration & Development
- Cybersecurity

## Past Performances

### Dept of Veterans Affairs (DoVA)

Migrated their .NET legacy systems to Salesforce, to improve efficiency, strengthen security, enhance system performance and reduce maintenance costs.

### Dept of Labor / Dept of State (DOL/DOS)

Did set up a help desk / service desk project by defining user roles, selecting a ticketing system, and establishing communication channels to efficiently manage and resolve user inquiries and technical issues.

### Dept of Justice (DOJ)

Developed a Data Visualization & Analytics project by selecting relevant data sources, utilizing a visualization tool and implemented data analysis techniques to uncover insights and trends that inform strategic decision-making.

### HealthCare.gov

Executed a comprehensive cybersecurity strategy by conducting penetration testing to identify system weaknesses, implement a Zero Trust framework to enhance network security, and performed regular vulnerability assessments to proactively mitigate potential threats and safeguard sensitive data.
